数一数

Let's count

Students: Look at the pictures of above and practice saying the vocabulary words in Chinese. Now, practice counting by counting the petals on the flowers and legs on the insects. For example:

huā yǒu wǔ piàn huā bàn
花有五片花瓣。

The flower has five petals.

zhè shì sān duǒ huā
这是三朵花。

There are three flowers.

mǎ yǐ yǒu liù tiáo tuǐ
蚂蚁有六条腿。

The ant has six legs.

zhī zhū yǒu bā tiáo tuǐ
蜘蛛有八条腿。

The spider has eight legs.

Counting Challenge: Now practice counting greater amounts greater than 20. Go outside and count flowers and the petals that you see. Insert the number in these sentences: 花儿有____片花瓣。 The flower has ____petals.

这是____朵花。 There are ____flowers

Visit the Chinese pronunciation guides at <https://funwithforeignlanguage.com/sheet/towson-mandarin-chinese/> to help you with numbers 0-30.
